**Subject:** [External] FW: DN2021-78-E Notice of Filing and Transmittal Letter

**Importance:** High

JoAnne/David/Jocelyn:

DESC and MCEC received the attached Notice of Filing and a transmittal letter. The transmittal requires DESC and MCEC to publish the Notice one-time in a newspaper of general circulation by April 5. Although I have not confirmed with the appropriate personnel that we will be able to meet this deadline, I do not at this time have any reason to anticipate an issue with the newspaper publication.

However, the transmittal letter also requires the Notice to be provided to affected customers – the 52 affected customers (71 metering points) in Crystal Cove and the 3 affected customers (4 metering points) in Rocky Retreat—via bill insert by April 5. For reasons that the DESC has explained in various other dockets, it may not be possible for the Company to provide a “bill insert” to these customers prior to the April 5 deadline. The ability to do so will be determined by when these customers are to next be billed and the time necessary to prepare the bill insert. I have asked DESC personnel to inform me as to the earliest date by which the 55 affected customers could be provided with the Notice via a bill insert and also the earliest date by which the affected customers could be provided with the Notice via a special mailing. As soon as I have the necessary information, I will let the Commission know and, if necessary, will request revision of the April 5 deadline and/or the method for the provision of the Notice to the affected customers.
